

Facilities Management  
Building Services

**ABOUT US**

DW Solutions was founded in 2018 by Dominic Williams in Alexandria, VA. We provide facility management and building services for commercial, institutional and government facilities throughout the Washington D.C. Metro area. Our qualified tradesmen include but not limited to carpenters, plumbers, electricians, steamfitters and janitorial personnel.

Headquartered in Alexandria, VA, DW Solutions provides building services to selected property managers, local and federal government agencies. We are committed to developing long term relationships with its customers through a dedication to building systems knowledge and expertise.
